

Press Release
3rd May 2006

THE LIBERTY

ROMFORD

ROMFORD'S GOT TASTE

Looking for a lunch that isn't pre-packaged, or simply trying to eat a little bit more healthily? Well search no more as this week The Liberty, Romford welcomes a brand new eatery to the centre. **Taste** opens its doors to the public on 8 May offering customers sandwiches, salads and soups alongside cakes and coffees, all handmade freshly with wholesome ingredients.

Taste is a small Essex based company, dedicated to serving quality food, healthier than other fast food options. Sandwiches and salads are handmade freshly each day from deliciously natural and wholesome ingredients many of which are sourced locally, a process that ensures the future of businesses in the area.

Their delicious chutney's are made using local ingredients by Vineyard Fine Foods based in Clacton-on-Sea, breads are baked freshly each day in Billericay and tasty cakes are handmade in small batches by a baker in Braintree. All this goes to prove that the **Taste** philosophy is simple – to supply locally produced 'fast food' that is not only good for you but tastes great too.

So you can sample some of their fine wares **Taste** is offering an introductory offer. When you spend over £2 on sandwiches or cakes, and on production of this article, you will receive a hot drink absolutely free. So don't delay, go savour the experience of **Taste** on Western Road, The Liberty, Romford.

ENDS.
